

26 January 2021

Commencement of 2nd Term

Pray for students and teachers

Self-review?

1. Have you checked with yourself if you have tried hard through online learning?
2. How is your exam performance?
3. What is the general condition of your mind, body, and spirit?
4. What is always your main focus? What is your area of growth?

“Brothers and sisters, I don't consider that I have taken hold of it yet. But here is the one thing I do. I forget what is behind me. **I push hard toward what is ahead of me.**”
(Philippians 3:13 (NIRV))

You can do the same if you place your HOPE in Jesus.

Dear Lord, Thank you for your protection in the development of Covid-19. We pray that the pandemic will be under control and we can see each other at school very soon. Dear Lord, at the beginning of a new term, please give us courage for self review, grant us serenity (peace) to accept things we cannot change, strength to change the things we can, and wisdom to know the difference.

In the months to come, it's likely that we will continue with online learning. Please give us perseverance to stay focused on our study. Give us power to resist all sorts of temptations. Though we can't meet each other physically, help us learn to love one another through caring messages and prayers. Please help us carry out the school theme this year, “In love we care, in God we cheer”.

We pray in the name of Jesus. Amen!
